In agencyx, there are the corresponding categories in the vehicle selection, as you can see on the image below:

The screenshot displays the 'Issue a Ticket' interface. The top navigation bar includes 'Issue Tickets', 'Manage bookings', and 'Groups'. The main content area shows a search for 'PIRAEUS - PAROS 28/05/2024 17:30' with a total of 0,00€ and an 'OFFER' dropdown. Below this are sections for 'Passengers' and 'Vehicles'. The 'Vehicles' section has a dropdown menu open, listing the following options:

- IX1 (CAR UP TO 2M HEIGHT)
- IXEV (EV CAR 0-40% BAT)
- MO1 (MOTORCYCLE)
- MO2 (MOTO 3-4 WHEELS)

Two red arrows on the left side of the image point towards the dark sidebar containing the navigation menu.

It is noted that, for the remaining Alternative Fuel Vehicles ("AFVs"), you must fill in the "IX1" option.
